About Ph.D. Management Business (PMB)

The research program leading up to the award of a Ph.D. in Management/Business is designed for ambitious graduates wishing to do academic research in, or teach as, professors of management/business. Emphasizing mastery of the concepts and skills relevant to business and management, this doctoral program will equip you with the relevant background theory and technical knowledge for field research into business management.

The program is jointly conducted with **Professionalengineers** for training and education (PE). Ph.D. Management/Business (PMB) is a research program by the MSU School of Graduate Studies (SGS) and (PE).

Program plan

obtaining the acceptance letter, student number, email and university student account

01

A comprehensive introductory orientation meeting is held to explain the program and its stages until graduation

05

then the first three chapters are written in preparation for the research proposal defense (PD) presentation

02

then supervisors are assigned to each student (Main supervisor + co-supervisor) in order to achieve the highest quality levels in the student's research product outputs, including an Arab supervisor by professionalengineers (PE) next to the university supervisor and the two work side by side cooperatively

06

then the research papers are published with the help of the supervisors and the final thesis report is written in preparation for

03

Then the program's mandatory courses are delivered, assessed by assignments only, which are practical courses that help the researcher to successfully complete his research

07

VIVA

04

In parallel with the supervisor, the research topic is chosen and the research plan is presented and approved

08

Graduation
